

# Target Market Determination (TMD) Template Licensing Arrangements

The FSC's Target Market Determination (TMD) template licensing arrangements are changing for licensee businesses on 1 July 2024.

## FSC Member

All FSC members are able to use TMD templates for historical, current and future TMDs.

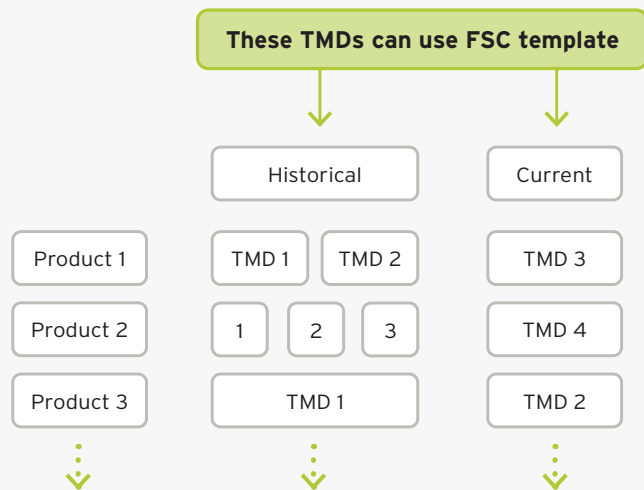

## FSC Non-member Licensee

If a business is not a Member, but currently licenses the FSC's TMD templates now, then the business can continue to use the TMD templates for TMDs until **30 June 2024** - but not after.

From **1 July 2024** all TMDs issued by businesses that had licensed the FSC templates must not use the FSC templates unless they join the FSC.

If you are currently a licensee business and would like to continue using the FSC's TMD templates from **1 July 2024**, please contact the FSC to discuss becoming a member via [info@fsc.org.au](mailto:info@fsc.org.au).

### Up to 30 June 2024

## FSC Non-member/ Previously a Licensee

From **1 July 2024**, all TMDs issued by previous non-member licensee businesses, must not use the FSC templates. Licensee businesses must ensure they do not issue TMDs using the FSC template and all TMDs using the FSC template are limited to historical TMDs. The business may keep these historical templates publicly available.

The business must ensure all TMDs using the FSC template are historical TMDs on or before **1 July 2024**. The business may keep these historical templates publicly available, but they should not be the current version of the TMD template for the relevant products.

### From 1 July 2024
