

FSC STAFF ANNOUNCEMENT

30 September 2016

Sydney

The Financial Services Council's Director of Policy Andrew Bragg has resigned and will leave the FSC at the end of November.

Mr Bragg has been a member of the FSC's policy team since 2009 and was appointed Director of Policy in 2014.

Sally Loane, FSC CEO said: "On behalf of the FSC team and our members, I want to thank Andrew very sincerely for his excellent service to the FSC and its members over a long period.

'He is passionate about good public policy and has helped deliver many positive outcomes for the financial services industry through advocacy and fact-based research, including the FSC's Standard 20, which has delivered stronger governance to superannuation funds by mandating a majority of independent trustees for FSC member funds.

"He was also instrumental in initiating the Trowbridge review into the life insurance industry and pushing for a competitive landscape for financial services.

"We wish him very well in his future career."

Mr Bragg plans to work in the public policy arena.

A search for Mr Bragg's replacement will be announced shortly.
